ORACLE® APPROVED EDUCATION CENTER

Sustainable training services

A well-trained team is like an insurance policy that pays out early. In an ever-changing business environment, structured training puts team members in control of their systems and allows managers to maximise ROI and enhance productivity.

WE ARE

....the most experienced and highly awarded Oracle consulting firm in Australia. We have trained thousands of Oracle users and supported Australia's largest projects for well over a decade.

Our unique blend of targeted, technical expertise and our unrelenting commitment to continuous improvement enables us to provide insights that improve learner outcomes and equip users with the practical skills they need. As Australia's first Oracle University Education Partner, we offer tailored, relevant and accredited training conducted by expert local trainers.

WE SUPPORT

...capital-intensive projects with program and project management, training services, and technology solutions.

In addition to our comprehensive suite of Oracle Primavera and Project Management training, we also deliver Oracle University training for Oracle's complete suite of integrated cloud and platform services, including ERP, Database, Java, HR Payroll and CRM, among others.

WE BUILD

...long-standing relationships with our clients, most of whom are large organisations in the infrastructure, energy, telecommunications, finance and transport industries. We aim to develop a true understanding of each business and its challenges, which enables us to maximise the value we provide.

Putting you in control

WE UNDERSTAND

...in the face of increasing business pressures, successful organisations are constantly adapting. Introducing or upgrading IT systems will inevitably have an impact on business processes, productivity and ROI. The most successful projects develop learning strategies and implement targeted team training to ensure early and sustained adoption.

Flexible Delivery Options

CLASSROOM TRAINING

Classroom training delivered by our local expert trainers in classrooms throughout Australia. Benefit from hands-on activities, in-class discussions and instructor Q & A.

TRAINING ON DEMAND

Available anywhere, any time. Choose from our proprietary suite of eLearning, Oracle University's online Training on Demand, or we can develop a custom solution with you.

DEDICATED TEAM TRAINING

Accredited Oracle training customised to your needs and delivered to your entire team, when and where you need it. You set the date, time and location.

LIVE VIRTUAL CLASSES

Train from anywhere with an internet connection. Instructors teach students in real-time via a live virtual classroom.
